August 24, 2009

Representative Bert Johnson, Chair  
Regulatory Reform Committee  
Michigan House of Representatives

Dear Representative Johnson and Committee Members,

I am a home inspector that is very much interested in HB 4162 and have made several trips to Lansing in support of the bill as introduced this past February.

I see that HB 4162 is on the agenda for Wednesday, August 26<sup>th</sup>, 2009. As a professional home inspector I am in favor of licensing and urge you to pass this bill on to the house floor as written.

Sincerely,

Michael S. Holmes, CRI

.
